3. Locally Owned & Operated Message -Optional (8.5" x 2.5")
4. Manager Name and Contact Number -Optional (8.5" x 2.5")
5. Special Assistance and Service Animals Welcome Messages (8.5" x 3")
6. Free Wi-Fi (6" x 6")

## Applying

**NOTE: Do NOT use any window cleaners such as (Windex or Formula 409 ) as ammonia and other cleaners can dilute or dissolve the decals's adhesive. Repeat Steps A to D for each decal, working from the top down.**

### Step A

Use the approved glass cleaner or a solution of dish detergent and warm soapy water to clean the **INSIDE** of the glass. Use a clean lint free paper towel to wipe the glass completely dry.

### Step B

Following the placement diagram-place the decal on the glass to confirm alignment side to side and horizontally level taping in place. Your tape will now act as a hinge for you. Carefully peel the backer release liner from the decal using your tape as a hinge and move decal into place pressing lightly using the squeegee to force bubbles from beneath as you move downward on the decal

### Step C

Repeat, pressing firmly to make sure the letters to make sure the decals adhere to the glass. This time squeegee from the centre outwards.

### Step D

Gently peel the transfer tape away from the decal, leaving the letters in place.

At this time you can remove the borderlines which are meant for help in alignment of the decals.

**NOTE: Small border lines have been left all around each decal to assist with placement and installation. Once letters are in place, remove all borders**

**\*Free squeegee is included.**

**Squeegee is not included in additional sign orders**
